

Question 1

The diagram shows parts of the graph $f(x) = 2x - 3$.

Find the domain of $f(x) \leq 0$.

Question 2

The diagram shows parts of the graph $f(x) = |-3x - 2|$.

Find the domain of $f(x) \geq 2$.

Question 3

The diagram shows parts of the graph $f(x) = x^2 - 2x - 3$.

Find the domain of $f(x) \geq 0$.

Question 4

The diagram shows parts of the graph $f(x) = \frac{1}{x-2}$.

Find the domain of $f(x) > 0$

Question 5

The diagram shows parts of the graph $x = y^2$.

Find the domain of $0 \leq f(x) \leq 4$
